9. The request procedures

A requester must be given access to a record of a public body if the requester complies with the following:

- The requester complies with all the procedural requirements of the Act relating to the request for access to that record; and

- Access to that record is not refused on any ground of refusal mentioned in the Act.

Nature of the request:

- A requester must use the form that has been printed in the Government Gazette [Govt. Notice R187- 15 February 2002 Form A].

- The requester must also indicate if the request is for a copy of the record or if the requester wants to come in and look at the record at the offices of the public body.

- Alternatively if the record is not a document it can then be viewed in the requested form, where possible [s 29(2)].

- If a person asks for access in a particular form then the requester should get access in the manner that has been asked for. This is unless doing so would interfere unreasonably with the running of the public body concerned, or damage the record, or infringe a copyright not owned by the state. If for practical reasons access cannot be given in the required form but in an alternate matter, then the fee must be calculated according to the way that the requester first asked for it [s 29(3) and (4)].

- If, in addition to a written reply to their request for the record, the requester wants to be told about the decision in any other way, e.g. telephone, this must be indicated [s 18(2)(e)].
If a requester is asking for the information on behalf of somebody else, the capacity in which the request is being made should be indicated [s 18(2)(f)].

If a requester is unable to read or write, or has a disability, then they can make the request for the record orally. The information officer must then fill in the form on behalf of such a requester and give them a copy [s 18(3)].

There are two types of fees required to be paid in terms of the Act, being the request fee and the access fee [Section 22]:

A requester who seeks access to a record containing personal information about that requester is not required to pay the request fee. Every other requester, who is not a personal requester, must pay the required request fee:

- The information officer must notify the requester (other than a personal requester) by notice, requiring the requester to pay the prescribed fee (if any) before further processing the request.
- The request fee payable to public bodies is R35. The requester may lodge an internal appeal, where appropriate, or an application to the court against the tender or payment of the request fee.
- After the information officer has made a decision on the request the requester must be notified of such a decision in the way in which the requester wanted to be notified in.
- If the request is granted then a further access fee must be paid for the search, preparation, reproduction and for any time that has exceeded the prescribed hours to search and prepare the record for disclosure.

12. The remedies available if the provisions of this Act are not complied with [Section 14(1)(h)]
