**SKUKUZA GOLF**

See more than just birdies on our course

---

**YOUR NATURAL HERITAGE**
We don't have any tigers, but you might see the odd lion.

Kruger National Park’s Skukuza camp welcomes you, where a multitude of activities await to enhance and boost your stay in one of our country’s most beautiful and prized conservation areas. As the largest rest camp in Kruger, Skukuza is known for its spectacular array of accommodation, magnificent collection of fauna and flora, and diverse range of activities – including its marvelous 9-hole (18 tee) golf course. Constructed in 1972 as a recreational facility for the Skukuza personnel, the golf course has become available to visitors over the years, adding one more activity to the already extensive list, and setting Skukuza apart from other camps in Kruger.

The course is a Par 72, and is 5950m (6450 yards) for men and 5059m (5480 yards) for ladies. A fascinating factor that adds to the excitement is the fact that the course is unfenced – meaning the sight of wildlife visitors moving across the course is pretty frequent. After all, this is their territory! The golf course was designed to create a unique opportunity for Skukuza guests – golfing within one of the world’s greatest conservation establishments, as Kruger National Park offers much more than game drives. Players are asked to dress in standard golf attire and to come show off their best game, as the course is designed for all levels of golfers.

Although the golf course is quite small compared to other holiday destinations; it is the beauty and tranquility of the surrounding surroundings that make it stand out. It offers a charming mix of peace, challenge and adventure. For example #2, Par 3, have water on the left and to the back of the green. The signature hole #9, Par 3 of about 150m is played across Lake Panic. The golf course has no bunkers, although ‘aerial bunkers’ abound because of the many trees found on the course. And apart from the beautiful surroundings, players can also rely on light refreshments and a full bar facility where they can relax and discuss their latest victories on the course.
