

Malelane Hotel - Change of Site Location

South African National Parks (SANParks) has received an objection to the proposed site location for the Malelane Hotel Development. This objection from an interested and affected party is considered serious by SANParks as such objections would impact negatively on the EIA process to be followed by the successful bidder. As a result, SANParks is in the process of identifying alternative sites in the Malelane area.

The selected site/sites will be shown to all interested bidders attending the site visits scheduled for Thursday, 18th June 2009. Interested Bidders are required to register for the site visit by sending their details to Ibraheem Dockrat at ibraheemd@sanparks.org on or before Friday 12th June 2009.

The Malelane Hotel Development PPP Agreement will be concluded subsequent to the selection of the final sites and will be made available on Monday 22nd June 2009 on the SANParks website: www.sanparks.org. Alternatively, Bidders can obtain the PPP Agreement by contacting Ibraheem Dockrat or Annemi van Jaarsveld at annemiv@sanparks.org.
