

SANPARKS WILD CARD PROGRAMME

Frequently Asked Questions

Why the change?

Why has the current Wild Card Programme changed to a new *Wild Card* Programme?

Over the passed year, through comprehensive research and customer feedback, it has become evident that we need to move the *Wild Card* programme to more advanced technology that will enable SANParks and its partners to provide relevant benefits to our loyal cardholders, and exercise more control over its conservation assets.

Why such a last minute change?

SANParks had planned to ensure a seamless transition to the new programme, however the limited access to accurate cardholder records and personal contact details, has necessitated this urgent call to action.

SANParks and its conservation partners appreciate the support of our most loyal customers
