South African National Parks: Addo Elephant, Agulhas, Augrabies, Bontebok, Camdeboo, Golden Gate Highlands, Kgalagadi Transfrontier, Garden Route (an amalgamation of Tsitsikamma, Knysna Lagoon and Indigenous Forests and the Wilderness Lake System), Karoo, Kruger, Mapungubwe, Marakele, Mokala, Mountain Zebra, Namaqua, Richtersveld, Table Mountain, Tankwa Karoo, West Coast.

This edition’s featured park is Bontebok National Park

- Bontebok is located 5km off the N2 just south of the town of Swellendam. It is 230km east of Cape Town and 220km west of George and thus an ideal for both weekend getaways from these centres or a stop-over point on the drive between Cape Town and the Garden Route.
- It is the smallest of all SANParks’ parks, but played a huge conservation role in saving the bontebok from extinction and protecting endangered habitat types of the Cape Floral Kingdom (one of South Africa’s 8 World Heritage Sites), particularly several types of renosterveld.
- The park’s accommodation is at Lang Elsie’s Camp, on the banks of the Breede River, named after a matriarchal captain of the Hessequa Khoi Khoi clan who lived in the area between 1734 and 1800.
- Apart from the 200-odd bontebok, visitors can look for various other antelope species. Cape Mountain Zebra, several smaller carnivore species and over 200 bird species including Ostrich, Blue Crane, Secretarybird, Ludwig’s Bustard and Cape Sugarbird.
- Two of the ten chalets are adapted to be accessible to guests with mobility challenges and are equipped with roll-in showers and other accessible facilities.
- Guests in wheelchairs can easily make their way around the rest camp and access the viewing platform on the Breede River.
