2. BRIEF REQUIREMENTS BACKGROUND

The global demand for rhino horn has proven to become a major risk to conservation of wildlife within SANParks and indeed the country. It is against this background that various initiatives have been tested in an attempt to fully implement the national anti-poaching strategy within the organisation.

As part of the RPP, an assessment of the state of R1 (7.62 x 51) rifles was conducted. In many cases the outcome of the assessment proved that the current status the rifles could pose a risk due to the age of these rifles.

A need was identified in the Parks Division and Biodiversity & Social Projects (BSP) to procure 104 reconditioned R1 rifles. These rifles will both complement, and also replace some existing R1 rifles already in use.

The decision to opt for reconditioned rifles is informed by the unreasonable pricing of new ones, the fact that new ones have to be imported, and that there is proven capacity to source these within South Africa.

3. ITEM DESCRIPTION - Specification for 109 FN FAL Rifles with 18 inch barrel Calibre

South African National Park aims to procure reconditioned R1 rifles from a suitable services provider and the rifles must comply with the following steps:

- Disassemble all components and clean
- Have all rifles send to DENEL for barrel bore and chamber inspection, ensure all safety specification is met.
• Replace all gas tubes and pistons with newly manufactured parts
• Test headspace and ensure tolerances within international proof house standards
• Tighten actions, to ensure rifle accuracy
• Diamond polish chamber, to ensure smooth extraction of fired cartridge case
• All parts to be sandblasted and phosphor coated for durable, long lasting rust prevention
• Several layers of “Gun Cote”, in light brown colour or olive green, not black.
• All rifles should have an 18 inch barrel with FN flash breaker.

NB: Suppliers need to adhere to the given specifications in detail.

4. SPECIAL CONDITIONS

The following conditions are to be fully complied with by interested bidders who wish to bid for these requirements.

• Rifles must be assembled and test by qualified staff.
• Rifles must carry 12 months warranty against defective materials and workmanship.

5. SUBMISSION OF BIDS

Bidders are required to submit One (01) original plus One (01) copy of the bid document.

SANParks may request clarification or further information regarding any aspect of the bid. The bidder must supply the requested information within 48 hours or unless otherwise indicated after the request has been made; otherwise the bidder may be disqualified.

6. EVALUATION PHASES

The received bid proposals will be evaluated in different phases in order to arrive to the final phase of bid award, and the phases will be as follows:

\[ PS = 90 \left( 1 - \frac{Pt - Pmin}{Pmin} \right) \]

\( Ps \) = Points scored for price of the bid under consideration.

\( Pt \) = Rand value of bid under consideration.

\( Pmin \) = Rand value of lowest acceptable bid

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a pe se prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.
   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
