1. PURPOSE

The purpose of these terms of reference (ToR) is to invite or request bidders to submit a quotation to render assistance to the Minister in investigating the causes of irregular expenditure, writing a report with findings and recommendations which will assist the Minister in preparing submission to the Portfolio Committee on Environment, Forestry and Fisheries.

2. BACKGROUND

The Irregular Expenditure Framework stipulates that the following be conducted in identifying, recognition, confirmation, determination, investigation, recovery, condonation or removal of irregular expenditure.

RECOGNITION: In terms of the Irregular Expenditure Framework, irregular expenditure is incurred when the resulting transaction is recognized in the financial records of a department, constitutional institution or public entity in accordance with the relevant Accounting Framework.

For a department or a government component applying the Modified Cash Standards (MCS) to incur irregular expenditure, the non-compliance must be linked to a financial transaction. Although a transaction may trigger irregular expenditure, a department or government component will only record irregular expenditure when a payment pertaining to the non-compliance is actually made (i.e. when the expenditure is recognized in accordance with the Modified Cash Standards).

For a government component, a constitutional institution, a trading entity or a public entity listed in Schedules 2 or 3 to the PFMA applying Generally Recognised Accounting Practice (GRAP) or International Financial Reporting Standards (IFRS) to incur irregular expenditure, the non-compliance must be linked to a financial transaction. Although a transaction may trigger irregular expenditure, a constitutional institution, government component, trading entity or public entity will only record irregular expenditure when a
transaction is recognised as expenditure in the Statement of Financial Performance in accordance with GRAP or IFRS, whichever is applicable.

In terms of the Framework, for a transaction to constitute irregular expenditure, it must meet the following conditions:

- It must be incurred in contravention of, or not in accordance with legislation, and
- It must be incurred upon recognition of a financial transaction as (1) an expenditure in accordance with the Accounting Framework applicable to departments and government components operating on a modified cash basis of accounting, and (2) a liability in accordance with the Accounting Framework applicable to government components, constitutional institutions, trading entities and public entities operating on an accrual basis of accounting.

**ASSESSMENT:** Sections 38(1)(n) and 51(1)(h) of the PFMA require accounting officers and accounting authorities respectively, to comply and ensure compliance with this Act. Accounting authorities of public entities are also required to ensure compliance with any other legislation applicable to the public entity. Accounting officers or accounting authorities must ensure that their respective departments, constitutional institutions or public entities operate in accordance with the provisions of applicable legislation. This responsibility encompasses identifying the legislative universe which institutions must comply with. Accounting officers and accounting authorities must assess the legislative frameworks applicable to their respective institutions to identify any irregularity / irregularities in transactions that have been processed. Upon detection of alleged irregular expenditure, the Loss Control Function must conduct an assessment to identify possible irregularities in transactions that have been processed and to confirm whether irregular expenditure has been incurred or whether the incident was the result of non-compliance with legislation that did not relate to the incurrence of a financial transaction.
CONFIRMATION OF IRREGULAR EXPENDITURE: If a transaction has been processed in contravention of legislation and the same transaction has a financial implication (payment was made or a liability was recognised in the books), it must be recorded as irregular expenditure. The accounting officer or accounting authority must record the details of all alleged irregular expenditure in the Checklist. The details and amounts of confirmed irregular expenditure and losses determined must be recorded in the irregular expenditure lead schedule.

DETERMINATION: The Loss Control Function must conduct a determination test or analyse particulars of the non-compliance to establish the facts and losses, if any, related to the transaction. The Loss Control Function must, at least, collect information on –

(a) the root causes that led to the transgression;
(b) the employee(s) responsible for the irregular expenditure;
(c) whether the department, constitutional institution or public entity suffered a loss; and
(d) any breakdown in the designed internal controls.

The determination test must commence within 30 days after the irregular expenditure was reported to the accounting officer or accounting authority.
**INVESTIGATION**: The accounting officer or accounting authority must conduct an investigation if it is suspected that there is a possibility of fraudulent, corrupt or other criminal conduct emanating from the incurrence of irregular expenditure. The accounting officer or accounting authority must, upon suspicion of a fraudulent, corrupt or other criminal conduct, refer the irregular expenditure matter to a function performing investigations in order to establish the facts about the transaction and to obtain recommendations on the next step (s) to be taken. The investigation must provide the accounting officer or accounting authority with at least the following –

(a) root causes that led to the transgression;

(b) impact of the transgression;

(c) fraudulent, corrupt or other criminal conduct;

(d) employee(s) responsible for the irregular expenditure;

(e) whether the department, constitutional institution or public entity suffered a loss;

(f) whether the matter must be referred to the South Africa Police Service; and

(g) any breakdowns in the designed internal controls and the impact thereof.

The investigation must commence within 30 days after the determination test.

**CONDONATION**: Condonation of irregular expenditure relating to the contravention of applicable legislation must be forwarded to the National Treasury for attention of the Accountant-General.

The requests referred to above may only be submitted to National Treasury if the accounting officer or accounting authority confirms that the department, constitutional institution or public entity did not suffer a loss and that value for money was achieved.
Requests for condonation of irregular expenditure submitted must at least contain the following information –

(a) confirmation that a determination test was conducted;

(b) findings and recommendations of the Loss Control function or another relevant function that conducted the determination test;

(c) findings and recommendations of the Internal Audit function or another relevant function that conducted the investigation;

(d) confirmation that no losses were incurred;

(e) confirmation that disciplinary action was taken against the responsible employee(s);

(f) confirmation that investigations were conducted in cases of identified fraudulent, corrupt or criminal acts; and

(g) remedial actions taken by the accounting officer or accounting authority to prevent the recurrence of such irregular expenditure in similar circumstances.
REMOVAL: The accounting officer or accounting authority may consider removing irregular expenditure that was not condoned by the relevant authority. Removal of irregular expenditure may take place if the accounting officer or accounting authority is satisfied that the recommendations of the Loss Control function (in a case of a determination) or an Internal Audit function (in a case of an investigation) or another relevant function confirms that –

(a) the matter is free from fraudulent, corrupt or criminal acts;

(b) disciplinary action was taken against the responsible employee(s);

(c) the department, constitutional institution or public entity, whichever applicable, did not suffer any losses;

(d) the non-compliance that led to the irregular expenditure has been addressed to ensure that such expenditure does not recur under similar circumstances; and

(e) transactions of a similar nature are regularly reviewed to ensure compliance with the relevant prescripts.

The accounting officer or accounting authority may proceed with the removal of irregular expenditure from the notes to the annual financial statements after confirmation of the processes indicated above.

  - Pt = Rand value of bid under consideration.
  - Pmin = Rand value of lowest acceptable bid

Price Evaluation at estimated hourly rate will be utilized for comparative and evaluation purpose only; as such it should be noted that the total estimated hourly rate does not represent the total contract value, instead the hourly rate will be used to determine the service provider who submitted acceptable rates for recommendation purpose only. The recommended service provider must provide detailed timesheets to support the hours charged to SANParks. All disbursements will be on an actual recovery basis and the recommended service provider will invoice SANParks for those costs. Car travel will be paid per kilometre, not exceeding AA rates and a travel log book must be provided to support all claims.
