1. PURPOSE

The purpose of this exercise is to appoint a service providers to supply and deliver Promotional and Corporate Gifts on an Ad Hoc basis for a period of Twelve (18) months, supplier to assist and provide SANParks with the following:

- A selection of branded promotional items and corporate gifts bearing the approved SANParks logo and corporate identity for brand visibility

2. BACKGROUND

South African National Parks (SANParks) is a public entity functioning under National Environmental Management: Protected Areas Act 57 of 2003 (Act 57 of 2003); with the mandate to conserve; protect; control; and manage national parks and other defined protected areas and their biological diversity (Biodiversity). As a public entity, SANParks is also governed
by the *Public Finance Management Act, Act 1 of 1999 (as amended by Act 29 of 1999)*, and it is listed as *Schedule 3 Part A: 25 public entities*.

SANParks’ operations are totally guided by its vision statement and mission statement. As a public entity, the organisation is committed to act in pursuance of transformation of South Africa’s society in support of entrenching South Africa’s democracy. In this regard, the organisation has adopted a transformation mission to guide its efforts accordingly.

The Tourism department is mandated with the responsibility to generate tourism income in order to sustain conservation. This is executed among others through a destination marketing strategy wherein commercial events are used to draw tourism to national parks with low occupancy levels. The SANParks Tourism Growth Plan 2016 and the SANParks Tourism Revenue Growth Strategy was designed to drive the growth of the following metrics which serve as key performance indicators in the organizational Annual Performance Plan (APP):

a) Gross Tourism Revenue  
b) Number of Visitors to the national park network  
c) Number of Black South African Visitors  
d) Number of Black South African Overnight Visitors  
e) Unit Occupancy  
f) Unit Nights Sold

The growth of black visitors to the national parks is a strategic imperative in the interests of business sustainability. Therefore, consumer research (Non-Traditional Market Research 2016) was conducted to understand the factors that determine the desirability of national parks as holiday and leisure destinations by the black domestic market. It revealed that awareness of the product offerings and pricing points is low in this market; therefore, brand awareness will receive greater strategic focus in harnessing the interest of this market.

To drive this, the marketing plan identified core levers in the marketing activities which included:

- Positioning SANParks properties are desirable and affordable holiday and leisure destinations  
- Break negative myths about the SANParks offering  
- Showcase the activities and experiences on offer  
- Promote packages and special offers  
- Communicate lifestyle of travelling to nature destinations.
