

## ISSUES RESPONSE REPORT – Shangoni Gate Development

NAME	COMMENT	RESPONSE	DATE	METHOD OF COMMUNICATION
<p><b>Mr Maluleke</b></p> <p><b>Member of the Mtititi community</b></p>	<p>Can you provide us with further information regarding this project?</p>	<p>At this current stage, the information available can be subject to change at any time hence I cannot confidently give solid information that will not change in the near future.</p>	<p>16 May 2016</p>	<p>Telephonic</p>
	<p>Why not use the existing management gate as the proposed gate location?</p>	<p>The proposed Shangoni gate is majorly influenced by the road that is going to be constructed outside the park that will lead to Shangoni gate. The alignment for this road is place and will join the proposed gate at the current proposed position.</p>		
	<p>Is public participation a formality?</p>	<p>Public Participation is a requirement in the basic assessment process in terms of the NEMA Regulations.</p>		
	<p>Did SANParks conduct their own internal EIA study for this project?</p>	<p>Yes. SANParks has conducted their own environmental assessment and feasibility for this proposed project.</p>		
	<p>Can you please register me as an IAP.</p>	<p>Noted. You are registered on the Shangoni Development IAP database.</p>	<p>01 June 2016</p>	<p>Telephone</p>

## ISSUES RESPONSE REPORT – Shangoni Gate Development

	thereof for financial gain.			
	Ms Penny and Mr Robert Legg			
<b>Adv Z Sono &amp; Mr KW Rikhotso</b> <b>N’wadzekudzeku/Ma donsi Land Claim Communities</b>	Hosi N’wadzekuzeku na Hosi Madosni together with the land claimants inside and outside Kruger National Park, are not in agreement with the plan by Envirolution Consulting about the development of Shangoni Gate. According to the Restitution of Land Rights Act, 1994 (Act no. 22 of 1994), Hosi N’wadzekudzeku together with Hosi Madonsi both did their land claim inside Kruger National Park. The claimed land is between Pongola River in the North and Greater Shingwedzi River in the South until where these two rivers meet near Shingwedzi Rest Camp, and on the West it goes along the boundary from Shingwedzi to Pongola River.	1) Entrance to Shangoni Gate in Kruger National Park together with the welcoming office to the Park, where workers will stay or be accommodated and training office.  a) We are saying that no one approached Hosi N’wadzekudzeku, Hosi Madosni and the claimants, to discuss about this issues of shifting the gate from where it is today to the new location. We do not disagree with development, but we say the reasons for the shifting of the current gate to the new position was not communicated to us. We are saying that we do not want you to proceed with your works until you sit down with us so that we all have common	11 May 2016	Email

## ISSUES RESPONSE REPORT – Shangoni Gate Development

	<p>We are in disagreement about the following issues:</p> <p>1. Entrance to Shangoni Gate in Kruger National Park, together with the welcoming office to the Park, where workers will stay or be accommodated and training office.</p> <p>a. We are saying that no one approached Hosi N’wazekudzeku, Hosi Madosni and the claimants, to discuss about this issues of shifting the gate from where it is today to the new location. We do not disagree with development, but we say the reasons for the shifting of the current gate to the new position was not communicated to us. We are saying that we do not want you to proceed with your works until you sit down with us so that we all have common</p>	<p>understanding. The Shangoni Gate should remain where it is today, that is, Malamulele side.</p> <p>Our response: Your comment is noted. An additional gate position on the northern side of the Shingwedzi River (Altein side) is now also being proposed as an alternative for development of the Shangoni gate which is the one your submission is referring (see attached map). This position is at the current existing ancillary gate leading into Altein Village from the park.</p> <p>2) Picnic Area position.</p> <p>a) We are saying that the picnic area should be done where the current Shangoni Gate is today.</p>		
--	---	--	--	--

## ISSUES RESPONSE REPORT – Shangoni Gate Development

	<p>understanding. The Shangoni Gate should remain where it is today, that is, Malamulele side.</p> <p>2. Picnic Area:</p> <p>a. We are saying that the picnic area should be done where the current Shangoni Gate is today.</p> <p>3. Tented area and Caravan Camping site:</p> <p>a. Tented camps must be built on the Malamulele side where the current gate is situated.</p> <p>4. New Construction of 50,6 km road from Shangoni Gate until H1-6 road between Shingwedzi Rest Camp and Mopani Rest Camp:</p> <p>a. We support that this road must be constructed from the existing area where Shangoni Gate is and it must stretch until it reached the road from Shingwedzi Rest Camp to Mopani Rest Camp.</p> <p>b. We also support that there</p>	<p>Our response:</p> <p>The proposed position of the picnic site is not possible to move to the current Shangoni gate (Altein side) as the picnic site is located inside the KNP near the Shingwedzi river loop, envisioned for its optimum position at the majestic river bend and proximity to denser vegetation making it ideal for its shade value. Since this development is located inside the KNP it means that it does not fall under any municipal demarcation because the KNP is classified as a protected wilderness game reserve.</p> <p>3) Tented area and Caravan Camping site.</p> <p>a) Tented camps must be built on the Malamulele side where the current</p>

## ISSUES RESPONSE REPORT – Shangoni Gate Development

	<p>must be an entrance gate at this point of Kruger National Park.</p> <p>5. Building a new Bridge on Shingwedzi River</p> <p>a. We support the building of the new bridge on the river</p> <p>6. Creation of employment generation, new sewerage area and new irrigation water scheme.</p> <p>a. We support this process but it must be on the side where the gate is, unless you have proven to us the reasons for the new position.</p> <p>7. Creation of a New Eskom substation to support the new development.</p> <p>a. We also support the creation of this substation at the current gate</p> <p>8. New entrance gate to be placed next to Giyani.</p> <p>a. We do not support this idea</p>	<p>gate is situated.</p> <p>Our response: Since this development is located inside the KNP it means that it does not fall under any municipal demarcation because the KNP is classified as a protected wilderness game reserve.</p> <p>4) New Construction of 50,6 km road from Shangoni Gate until H1-6 road between Shingwedzi Rest Camp and Mopani Rest Camp.</p> <p>a) We support that this road must be constructed from the existing area where Shangoni Gate is and it must stretch until it reached the road from Shingwedzi Rest Camp to Mopani Rest Camp.</p>

## ISSUES RESPONSE REPORT – Shangoni Gate Development

	<p>unless you sit down with us and convince us the exact position and the reasons for doing so.</p> <p>b. Following the land claims act, no one is allowed to do any development on the claimed land before communicating with the land owners and agree on the terms and conditions for the new development. Since you know that the land has been claimed by Hosi N’wadzekudzeku, Hosi Madonsi, Hosi Muyexe and Hosi Ndindani, why didn’t you approach one of the chiefs and give them your proposals before placing your adverts where you placed them?</p> <p>9. Our resolution on the whole advertisement is as follows:</p> <p>a. We do not fight any new development that comes to our area, but we want SANParks to consult us first. We understand</p>	<p>Our response: Your comment is noted.</p> <p>b) We also support that there must be an entrance gate at this point of Kruger National Park.</p> <p>Our response: Your comment is noted.</p> <p>5) Building a new Bridge on Shingwedzi River</p> <p>a) We support the building of the new bridge on the river</p> <p>Our response: Your comment is noted.</p> <p>6) Creation of employment</p>		
--	---	--	--	--

## ISSUES RESPONSE REPORT – Shangoni Gate Development

	<p>that you might have been appointed by SANParks for a number of years, so SANParks must approach and indicated to us that we must not be surprised when we see such and such companies, they have already signed the contracts with them, but we would like to see those contracts to satisfy ourselves.</p> <p>b. We as claimant communities want Professionals Engineers to make a presentation to us and convince us why the current position is not fit or suitable for development, if not so, the new development must be done at the current area where Shanoni Gate is currently operating.</p>	<p>generation, new sewerage area and new irrigation water scheme.</p> <p>a) We support this process but it must be on the side where the gate is, unless you have proven to us the reasons for the new position.</p> <p>Our response: Your comment is noted. An additional gate position on the northern side of the Shingwedzi River (Altein side) is now also being proposed as an alternative for development of the Shangoni gate which is the one your submission is referring (see attached map). This position is at the current existing ancillary gate leading into Altein Village.</p> <p>7) Creation of a New Eskom substation to support the new</p>		
--	---	--	--	--

## ISSUES RESPONSE REPORT – Shangoni Gate Development

		<p>development.</p> <p>a) We also support the creation of this substation at the current gate</p> <p>Our response: Please take note that the buildings that form part of the development viz, Entrance Gate, Reception facility, Picnic area, Tented camp and Camp site facilities, will be developed in an environmental friendly manner. A solar or a Hybrid Solar system will be used for electricity supply, having a generator as a backup for the critical equipment such as servers and security systems that will be used at the gate. The Tented Camp and Camping site will be served by Solar installations.</p> <p>8) New entrance gate to be placed</p>		
--	--	---	--	--

## ISSUES RESPONSE REPORT – Shangoni Gate Development

		<p>next to Giyani.</p> <p>a) We do not support this idea unless you sit down with us and convince us the exact position and the reasons for doing so.</p> <p>Our response: An additional gate position on the northern side of the Shingwedzi River (Altein side) is now also being proposed as an alternative for development of the Shangoni gate which is the one your submission is referring (see attached map).
