# Augrabies Falls National Park

The Augrabies Falls Conference Centre is part of the Augrabies Falls National Park main rest camp. Augrabies Falls on the Orange River, rank among the world's greatest waterfalls. The name Augrabies, which was given to the falls by the local Khoikhoi people, means hollow place, a place of great noise, and a rocky waterfall and accurately describes the falls. European explorers had called the falls King George's Cataract, or Hercules Falls but the Khoikhoi name has stuck.

The Augrabies Falls Conference Centre is well equipped to host any high powered business or social gathering.
