

Appendix 1 - Species list: Fungi

Fungi species recorded in the Garden Route National Park. Sources: Hallenberg (2005); Jacobs (2013).

Scientific Name

Aecidium acanthacearum
Aecidium dielsii
Aecidium elytropappi
Aecidium enceliae
Aecidium habunguense
Aecidium ornamentale
Aecidium resinicola var. *tumefaciens*
Aecidium sp.
Amanita phalloides
Amaurodon sp.
Arachnion album
Asterostroma cervicolor
Athelopsis glaucina
Aurantiosporium marisci
Auricularia delicata
Auricularia fuscossuccinea
Battarrea sp.
Battarrea stevenii
Boletus bovinus
Boletus sp.
Botryobasidium/Haplotrichum
Botryohypochnus isabellinus
Bovista sp.
Calocera cornea
Cintractia piluliformis
Clathrus archeri
Clavaria abietina
Clavaria persimilis
Clavaria sp.
Clavaria stricta
Coniophora sp.
Coriolus hirsutus
Coriolus versicolor
Cortinarius multififormis
Cortinarius sp.
Cyathus berkeleyanus
Cyathus microsporus
Cyathus montagnei
Cyathus olla
Cyathus pallidus
Cymatoderma elegans

Cystiodontia sp.
Cystostereum sp.
Dacrymyces deliquescens
Dacryopinax spathularia
Dendrothele sp.
Dendrothele duthiei
Dentipellis sp.
Duportella sp.
Endophyllum elytropappi
Endophyllum macowanii
Endophyllum osteospermi
Entyloma australe
Entyloma physalidis
Exidia glandulosa
Exidia purpureocinerea
Farysia olivacea
Farysia thuemenii
Favolaschia calocera
Fistulina africana
Fomes caryophylli
Fomes fraxineus
Fomes geotropus
Fomes hornodermus
Fomes melanoporus
Fomes robinsoniae
Fomes sp.
Fomitopsis lilacinogilva
Ganoderma annulare
Ganoderma applanatum
Ganoderma lucidum
Ganoderma oerstedii
Ganoderma oroflavum
Ganoderma tornatum
Geastrum floriforme
Geastrum fornicatum
Geastrum limbatum
Geastrum quadrifidum
Geastrum saccatum
Geastrum sp.
Geastrum triplex
Gloeocystidiellum flammeum
Gloeocystidiellum porosum
Gloeocystidium tenue
Gloeophyllum sepiarium
Gloeophyllum trabeum
Gloeoporus conchoides
Hexagonia albida
Hexagonia discopoda

Hexagonia tenuis
Hirneolina sp.
Hydnum setosum
Hydnum sp.
Hyphoderma puberum
Hyphodontia knysniana
Hyphodontia sambuci
Hypholoma fasciculare
Irpex dregeanus
Kalchbrennera corallocephala
Kuehneola albida
Kuehneola gossypii
Laccaria laccata
Lachnocladium cristatum
Lactarius deliciosus
Lactarius hepaticus
Laetiporus sp.
Laetiporus sulphureus
Laschia frieseana
Laxitextum bicolor
Lentinus lecomtei
Lentinus lepideus
Lentinus sajor-caju
Lentinus sp.
Lentinus strigosus
Lenzites betulina
Lenzites junghuhnii
Lenzites palisoti
Lenzites repanda
Lenzites sp.
Lepiota procera
Leucogyrophana sp.
Lindtneria sp.
Litschaurella clematitis
Lopharia mirabilis
Lycoperdaceae sp.
Lycoperdon asperum
Lycoperdon hiemale
Lycoperdon perlatum
Lycoperdon polymorphum
Lycoperdon umbrinum
Lysurus gardneri
Marasmius androsaceus
Marasmius sp.
Melampsora laricis-populina
Merulius gelatinosus
Milesia nervisequa
Milesia silvae-knysnae

Milesina magellanica
Miyagia pseudosphaeria
Mutinus bambusinus
Mutinus simplex
Mutinus sp.
Mycenastrum corium
Mycoacia sp.
Myriostoma coliforme
Myxacium sp.
Naematoloma fasciculare
Naematoloma sp.
Octaviania africana
Odontia bicolor
Odontia sp.
Odonticum sp.
Oxyporus populinus
Panus sp.
Paxillus involutus
Paxillus panuoides
Peniophora cinerea
Peniophorella praetermissa
Phanerochaete sp.
Phlebia sp.
Polyporus adustus
Polystictus doidgei
Poria sp.
Puccinia amadelpa
Puccinia dioscoreae-mundtii
Ravenelia macowaniana
Scytinostromella
Sistotrema/Ceratobasidium
Skeletocutis lenis
Stereum sp.
Stereum laxum
Stereum subtomentosum
Stereum turgidum
Subulicystidium sp.
Subulicystidium longisporum
Trechispora sp.
Trechispora farinacea
Tremella hemifoliacea
Uredo disae
Uredo fynbosense
Vararia albo-cincta
Vesiculomyces epitheloides
